

Five Town CTC Coalition Endorsement

Five Town Communities That Care is, by design, not just a youth-serving agency. Our mission includes a goal of working to increase collaboration amongst local groups and agencies serving our community's youth. We are currently working hard to ensure that we can realize this goal—by actively providing supports and services that are of value to those who work with youth.

The first step in helping us create a true coalition, is to gauge the amount of support we currently have for our mission and vision:

*The mission of Five Town Communities That Care is to promote healthy youth development and to prevent problem adolescent behaviors such as substance abuse, suicide, violence, delinquency, school drop-out, and teen pregnancy. We also seek to foster increased collaboration and cooperation in communities in order to best serve the needs of their youth.*

*Our vision is for a compassionate, accepting community of five towns where all people work together to create a safe and healthy environment for all.*

If you support this mission and vision, we ask that you consider allowing us to share that fact. We would like to create a list on our website, and for use in our outreach efforts. We would put a header on the list that says, "The following organizations, businesses, and individuals support the mission and vision of Five Town Communities That Care:"

Name: \_\_\_\_\_

Agency (if applicable): \_\_\_\_\_

Email (for internal use only): \_\_\_\_\_

Address (for internal use only): \_\_\_\_\_
